

GREAT PROBLEMS BLOCKING WORLD PEACE DISCUSSED

Many Differing Views Expressed by Speak- ers on Subject

(By The Associated Press)
NEW YORK, Nov. 10.—America's attitude on the great international problems blocking world peace was discussed today at the opening session of the National Civic Federation's conference attended by representatives of 550 national organizations with a membership of 35,000,000.

Hasty disarmament by the United States was criticized by several speakers whose views on America's entrance into the league of nations were as varied as their views of disarmament were similar.

Alton B. Parker, who presided, declared that the United States needed a well manned navy and a strong army to be kept at the highest state of efficiency as a nucleus for a great military machine in the event of war.

"It appears," he said, "that the powers, loaded with debts, plan to win with new wars what they lost in past wars. They have gone mad but the Monroe Doctrine will prevent this hemisphere being drawn into the conflagration."

"We should work for peace but never forget to keep our powder dry."

Mr. Parker advocated America's entrance into the league while E. H. Hooker, chairman of the American Defense Society urged an opposite view. Mr. Hooker declared that America must maintain a strong armed force and mentioned as issues which America might have to defend the enforcement of the Monroe Doctrine and the preservation of the autonomy of China.

William H. Gardner, president of the United States Navy League urged that the navy be kept at a maximum strength allowed by Washington conference in order that the United States may always be in a position to maintain peace in the Near East.

Major General John F. O'Ryan and Brigadier General Henry J. Reilly made eloquent pleas for preparedness. Major General O'Ryan stressing the importance of the military organization as a factor for peace. Brigadier General Reilly played the advocates of disarmament who, he said, had suddenly switched from that stand to an effort to get the United States to interfere in the Near East.

If the United States had become a member of the league O'Ryan declared the possibility of war in the Near East would have been averted.

Women pacifists and modern women "who smoke and seek the newer freedom" are a menace to the nation, according to Mrs. Elizabeth Ball of Washington, D. C., who roundly condemned the modern tendencies of women who know everything but now do make a home.

INVITATION IS TO BE RECALLED BY WEEKS' ORDER

English Historian Will Not Be Permitted to Ad- dress Cadets

(By The Associated Press)
WASHINGTON, Nov. 10.—Brigadier General Stayden, commandant of the military academy at West Point has been directed by Secretary Weeks to recall an invitation given to John Fortescue, president of the Royal historical society to address the cadets on Armistice Day. A formal statement issued today by the war secretary said the reason for his action was found in statements contained in recent books written by Fortescue entitled "British statesmen of the Great War."

The secretary quoted this passage:

"Americans esteem a good bargain, even if gained by dishonorable means, to mark the highest form of ability. The United States cannot engage in any form of competition with use from athletes to diplomacy without using foul play. They must win, if not by fair skill, then pre-arranged trickery of violence, if not by open negotiations then by garbled maps and forged documents. There is the fact. It may be unpleasant but it cannot be denied."

DEMOCRATS ARE OPPOSED TO NEW CONSTITUTION

Develops in Judicial Conven- tion in Session at Chicago

(By The Associated Press)
CHICAGO, Nov. 10.—Opposition to the proposed new constitution for Illinois developed today in the Democratic judicial convention of the seventh supreme court district immediately after the delegates had selected their candidates. Ross B. Mason of Chicago, for Cook county, and Edward G. Parkhurst of Joliet, for the counties of Will, DuPage, Lake and Kane.

In the event the new constitution is defeated in referendum Dec. 12 the nominations will become void.

Discussion on the proposed constitution centered on whether or not the convention officially should go on record as opposed to it. Michael Igou, a Democratic leader in Cook county, argued that the convention should take that step. He was supported solidly by the Cook county delegation.

Former Senator Joseph P. Mahoney opposed the Cook County resolution for action declaring that its passage in effect would mean that the convention cuts the throats of its candidates.

In the end the convention adopted a compromise motion authorizing the managing committee to meet and officially adopt a constitutional policy. Cook county's committee will meet Thursday, November 16. Dates in the other counties were not set but were to be announced later.

Major General John F. O'Ryan and Brigadier General Henry J. Reilly made eloquent pleas for preparedness. Major General O'Ryan stressing the importance of the military organization as a factor for peace. ITALY TO ASK INCREASE IN EMIGRANT QUOTA

ROME, Nov. 10.—The new Italian government plans to ask the United States government to increase the annual quota of Italian emigrants allowed to enter the United States from 42,000 to 100,000. The proposal will be based on the great qualities of the Italian workers especially in agricultural pursuits.

A plan also will be submitted for a thorough investigation of the character of each emigrant before he is permitted to go aboard ship for America, such inquiry be conducted jointly by Italian officials and representatives of the American government.

CONSTANTINOPLE NEWS IS COMING BY DEVIOUS WAYS

Telegraphic Commun- ication Has Not Yet Been Established

(By The Associated Press)
LONDON, Nov. 10.—Telegraphic communication between London and Constantinople continues interrupted. The only news that is coming in reaches London slowly and thru devious routes.

Despatches dated Wednesday received by the foreign and war offices today by Naval wireless indicated the allied commission-ers then still were awaiting a definite reply from the Angora government to their demand that the Turks recede from their attitude which the allies regard as out of accord with the Mudrose and Mudania conferences.

The despatches showed that the allied representatives also had lodged a strong protest with Rafet Pasha, the nationalist governor, against the execution of Ali Kemal Bey, editor of Sabah, an anti-nationalist organ.

That the situation continues strained is shown by the fact that the Earl of Derby secretary for war was compelled to cancel a political engagement in the north today.

He explained that things were in such shape as to make his presence at the war office imperative.

Pourparlers are continuing between the allies regarding the date for the Lusanne conference on near eastern affairs. Although no date has been set for the gathering originally fixed for next week it is believed that a postponement will be taken to November 20.

OFFERS REWARD FOR FREDERICK STRUBE

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 10.—Governor Small today offered a reward of \$50 for the apprehension of Frederick Strube, who is wanted for the murder of a man named John Strube. Strube was sentenced to life imprisonment in 1918 for the murder of a man named John Strube. He was given 20 years to life imprisonment. The girl's body was found under leaves in a woods near Havana. The evidence showed Strube had struck her with a wrench while they were riding home from a church social. The case created a sensation in Central Illinois at the time.

The Strube case created a great sensation in this section of the state in 1914. Strube after murdering the Henniger girl, who was his sweetheart, made his escape. He drove a horse and buggy from Havana across the state to Okokuk, Iowa when every police official and sheriff in the country was on the lookout for him.

He was finally placed under arrest at a small city near Keokuk and returned to Havana. Feeling was so strong in that city that he was placed in the Sangamon county jail for safe keeping until his trial.

All of the newspapers in the larger cities in this section and several Chicago papers sent their star reporters to Havana to cover the story. One reporter for the Chicago Examiner figured out Strube's trail across the state and was right on the job when he was arrested in Iowa and returned to Havana on the same train with Strube and the officer who was sent for him.

BURLEY JONES MAY BE SHERIFF'S CHIEF DEPUTY

Sheriff Elect Oyer T. Wright has not made known a list of his deputies, but already there are unconfirmed rumors as to the action he is likely to take.

According to one story, Burley Jones is slated to become chief deputy. Mr. Jones is a teacher at Maple Grove school just south of the city and has for a number of years been associated with the county school system. Another rumor is Henry G. Strawn, who has been service as a deputy during a part of Sheriff Weatherford's term.

THE NEW ALTON TIME CARD

Proofs of the new Alton time card have been sent to company agents. The changes made in the card, which is to be effective Sunday, Nov. 19, are practically all in accordance with the rumored changes. The Hummer from Chicago is to be continued thru Jacksonville, and the new card will have improvement to this extent, that the Sunday night train will pass thru this city as well as on the other six days of the week. In the former card the Hummer went south by way of Springfield on Sunday nights.

SIMPLICITY WILL MARK OBSERVANCE OF ARMISTICE DAY

President Harding and the Secretaries of War and Navy Will Make Pilgrimage to Arlington to Lay Wreath on Grave of Un- known Soldier—President Issues Message

(By The Associated Press)
WASHINGTON, Nov. 10.—Simplicity will characterize the official observance tomorrow of the anniversary of armistice day—the day which President Harding in a message to the American people tonight declared marked "the victorious culmination of our nation's most impressive participation in the affairs of the world."

Simple in contrast with the ceremonies of a year ago in which the representatives of the rulers and potentates of the world's most powerful nations joined in doing honor to America's dead as typified in the unknown soldier, a little group will leave the white house early tomorrow to lay a wreath symbolizing the nation's armistice day tribute on the tomb in Arlington Cemetery of that unknown hero. It will include the president and the secretaries of war and navy and the pilgrimage these three will make is expected to establish a precedent to be followed thru the years.

Also simple but more informal will be another event that will mark the day—the visit of a group of friends and admirers to the home in S. street of Woodrow Wilson the nation's war president. This will be in accord with a custom established last year. Observance of the day elsewhere thru the nation will be varied but in the opinion of the president as voiced in his message should make for appraisal of the nation's relationship to world affairs.

The increasing enthusiasm with which our people join in the annual observance of Armistice day, the president said enforces the conclusion that it is destined to be one of the notable anniversaries in our calendar, and indeed it well deserves to be all of that for it marks the victorious culmination of our nation's most impressive participation in the affairs of the world.

"We shall not go amiss if we seek to make our observance of this anniversary not only this year but every year hereafter an occasion for appraisal of our relationship to and participation in these wider concerns which involve the welfare of all mankind."

"I think we have come to realize as a nation that we cannot hope to avoid obligations and responsibilities often arduous and burdensome as part of the price we must pay for our fortunate relationship to the confraternity of the nation."

It will be greatly to the national benefit I am sure if those who most intimately participate in the events of the great world and among them I of course include particularly the men of the overseas forces shall always keep in mind the fact that their noble service to their country and civilization has imposed upon us a duty to recognize that henceforward we must maintain a helpful and sustaining attitude in all the broader relationships that involve the nations.

"Our first duty will, indeed, be to our own, but that duty cannot be adequately discharged in narrowness and selfishness."

PHOTOGRAPH CONTEST WILL BE CONDUCTED

(By The Associated Press)
Urbana, Ill.—(By Associated Press.)—A photographic contest to select and mark the beautiful scenes of Illinois is to be conducted by the Art Extension committee of the University of Illinois. Any individual, club, school, or Chamber of Commerce may enter the competition. It is announced, and any one who has photographs of who desires to make photographs of Illinois scenes may submit them in the competition.

The entries, according to announcement of the committee in charge, must be sent to Mrs. Mary E. Aleshire of Plymouth, chairman of the committee on competitions. O. C. Simonds, landscape designer, of Chicago and Prof. J. C. Blair, head of the department of horticulture of the University, will assist the committee in making the selections.

When the best 100 scenes have been selected from among the submitted photographs, the committee will arrange to have suitable markers placed together with signs along the highways directing travelers to the scenes.

The chosen scenes will be enlarged and placed in a permanent exhibit at the university as an historical photographic record of the representative types of beauty of the state.

Subjects may include trees, flowers, rocks, lakes, streams, hills, and general landscapes, the committee announced.

Mrs. Frank E. Furst of Freeport is serving with Mrs. Aleshire on the committee on competitions.

TAX COMMISSION TAKES UP FARMERS PLEA

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 10.—The Illinois tax commissioner took under consideration the plea for lower valuations on farm land today by 200 farmer members of the Illinois agriculture association and representatives of 94 farm bureaus of the state. A decision may be expected within the next several weeks, members of the commission announced.

Under the leadership of the statistical, finance and legal departments of the state farm bureau organization representatives of 100,000 organized agriculturists took up the entire day in presenting a mass of charts and statistics which purported to show that farm lands had been bearing during the past decade far more than their share of the increased cost of government.

During the years from 1902 to 1921, inclusive, according to the evidence of the farmer's organization the percentage of increase in valuations of farm lands has been more than double the corresponding increase in town and city lots and five times the corresponding increase in railway main track and right of way.

Witnesses from 20 Illinois counties stated that the market value of Illinois farm lands had dropped from 20 to 50 per cent since the war while the tax valuations had been increased.

PRISONERS SHOT IN ATTEMPT TO ESCAPE

Birmingham, Ala., Nov. 10.—Two prisoners were shot and killed, one was probably fatally injured and two others slightly injured when they are said to have attempted to escape thru a mine shaft at the prison camp near here tonight.

Washington, Nov. 10.—Italian, commercial and industrial life has been little disturbed by the Fascisti movement the commerce department was advised today by Commercial Attache McLean at Rome.

CLEMENCEAU IS ALL READY FOR TRIP TO AMERICA

Expects to Live Thru It Despite Hospital- ity of Americans

(By The Associated Press)
PARIS, Nov. 10.—Former Premier Clemenceau who sails tomorrow for the United States on a personal mission designed to improve Franco-American relations spent today in jaying au revoir to scores of old friends who crowded his little house to wish him luck in his venture.

The veteran statesman was like a school boy.

The Associated Press correspondent found him in excellent health and looking happy but impatient to get aboard the steamship Paris.

Clemenceau has had his things packed for several days, and so keen is he to get on the boat that he has decided to leave for Havre by automobile at 6 o'clock in the morning, which good fortune permitting, will bring him to the pier long before the regular passenger arrive on the special boat train from the capital.

"Well, I'm ready for the Americans," he told the correspondent. "This is a big event in my life, but I think I shall live thru it, despite the overwhelming hospitality of the Americans."

"As I am about to depart for New York, I should like all Americans to understand the purpose of my mission. In the first place I am going to talk in English and insofar as I am capable, in good American English."

"That is where France has made a mistake in the past; none of its representatives could speak the language of the country. I am not going to speak any French until I get back."

To Tackle Issues

"I am going to talk about all the issues which are international and which concern any country with a world position like America but I am not going to tell America what she ought to do."

"I am going to tell them what I think—what I know. They can draw their own conclusions. The Americans are wise; they like the truth, and I am going to give it to them. I know the Americans. I like them. I like them very much. That should make my task easier."

"Naturally I am going to talk about German reparations and the league of nations. Why shouldn't I? They are world questions and concern every big nation even America."

"I don't think America knows her power in the world today. She is great beyond her imagination. I shall tell them just how powerful they are and how important this power is to the future of the world."

ENGLAND IS FACING SAME MENACE THAT DESTROYED RUSSIA

Lloyd George Says it is At- tacking Life Blood of Nation

(By The Associated Press)
LONDON, Nov. 10.—Speaking in support of his son's candidature for the house of commons, former Prime Minister Lloyd George before an audience at Haverford West today that Great Britain faced the same danger which destroyed Russia.

This menace, he said, was attacking the very life blood of the nation and unless it was resisted at the start the whole fabric of the commerce, finance, of the country would crumble and the nation would go down to ruin.

"Britain the mighty," he would become "a poor thing, crawling along with its world supremacy gone."

The revolutionary proposals came not from the trade unionists. But from that band of the orators calling themselves intellectuals and arrogating superiority to themselves. The sooner the labor organizations got rid of these men the better for labor unionism.

"I don't think America knows her power in the world today. She is great beyond her imagination. I shall tell them just how powerful they are and how important this power is to the future of the world."

TURKISH DELEGATES ON WAY TO CONFERENCE

(By The Associated Press)
SOFIA, Bulgaria, Nov. 11.—Ismet Pasha and the other members of the Turkish Nationalist delegation to the near east peace conference passed thru Sofia today on the way to Lausanne. Ismet told the Associated Press correspondent that Turkish-Bulgarian relations now would be good and would grow better. He said the Lausanne conference would be called on to consider the disposition of western Thrace.

WOULD OUST KU KLUX KLAN

Topeka, Kansas, Nov. 10.—An ouster suit against the Ku Klux Klan on the grounds that it is operating in Kansas without a state charter will be filed soon in the state supreme court. H. J. Allen, announced today. He said the suit will charge not only that the organization is violating the state law by operating without a charter, but it will be charged with other violations of law, in particular the episode at Liberty at which Mayor Schierlman was taken into the country and whipped.

FATHER AND SON IN LEGISLATURE

Lincoln, Neb., Nov. 10.—The next session of the Nebraska legislature will see sitting as members of the state house of representatives for the first time in Nebraska history, a father and son. They are L. G. Yochum of Ashland, from the 30th district and C. L. Yochum of Tahadage, representing the 11th district. Both are Democrats.

MELLON ANXIOUS TO KEEP PORK OUT OF BARREL

Policy Will be to are for Needed Increase in Large Cities

(By The Associated Press)
WASHINGTON, Nov. 10.—Secretary Mellon is anxious to keep the pork out of the public buildings barrel. It was said today at the treasury. While no attempt will be made to influence congress in the extent of its appropriations for public buildings officials declared the treasury feels that the policy at present would be to care for the need for increased federal buildings facilities in various large centers where increased population and increased governmental business have made the present quarters inadequate.

The postoffice department is working out with the treasury a comprehensive plan for providing necessary postal facilities for localities where the growth of business has outgrown the present federal quarters and to this end a list of some 140 proposed new postoffices has been prepared. This list includes localities scattered all over the country and selections have been made entirely upon the basis of the volume of business handled in the respective sections.

ENGLAND IS FACING SAME MENACE THAT DESTROYED RUSSIA

Lloyd George Says it is At- tacking Life Blood of Nation

(By The Associated Press)
LONDON, Nov. 10.—Speaking in support of his son's candidature for the house of commons, former Prime Minister Lloyd George before an audience at Haverford West today that Great Britain faced the same danger which destroyed Russia.

This menace, he said, was attacking the very life blood of the nation and unless it was resisted at the start the whole fabric of the commerce, finance, of the country would crumble and the nation would go down to ruin.

"Britain the mighty," he would become "a poor thing, crawling along with its world supremacy gone."

The revolutionary proposals came not from the trade unionists. But from that band of the orators calling themselves intellectuals and arrogating superiority to themselves. The sooner the labor organizations got rid of these men the better for labor unionism.

"I don't think America knows her power in the world today. She is great beyond her imagination. I shall tell them just how powerful they are and how important this power is to the future of the world."

PROBE OF MINE DISASTER HALTED

(By The Associated Press)
SPANGLER, Pa., Nov. 10.—Investigation of the Raily mine disaster was halted today by deep water in the workings. Seward Butten, director of the state bureau of mines, announced the investigation would be resumed Monday. Thousands of residents of the twin villages of Barnesboro and Spangler and adjoining communities today attended the funerals of 25 of the victims of the explosion. Five of the miners who were war veterans were given military burials.

NATION WIDE TRIBUTE OF ONE MINUTE'S SILENCE

Indianapolis, Ind., Nov. 10.—Nationwide adoption of a tribute of one minute's silence on Armistice Day to the memory of heroes of the world war was urged today by Dr. Kate Waller Barrett, national president of the American Legion Auxiliary in her first message since election.

If every man, woman and child in America could be made to stand motionless hand on heart for one minute at some set hour like 12 o'clock noon on each November 11, what a soul-awakening experience it would be, "President Barrett said.

A THOUGHT

If I must needs glory, I will glory of the things which concern mine infirmities. — Corinthians 11:30.

The truth of God working thru the personality of man has been the salvation of the world. Increase the personality and you increase the power. — Phillips Brooks.

Local nimrods after reading the imposing lists of farmers who warn against hunting on their lands, are wondering where they may safely go with dog and gun. Each season marks a tightening up process in the areas that are open to hunters. Lucky is the city gun owner who has a farmer friend dwelling in the country side.

The new governor of Kansas, it is said, will make an early move for the abolishment of the industrial court. The Kansas court is probably not an ideal arrangement for settlement of disputes between capital and labor, but certainly it represents a conscientious movement to arrive at some plan whereby such differences can be justly and amicably settled. The court has not been in existence long enough to give it a fair trial.

The National Association Opposed to Prohibition will not get much satisfaction out of the Morgan county vote on the light wine and beer proposal. The vote here was decidedly against the proposal, a majority of more than 1200. This is really a very remarkable figure when it is remembered that the management of the Anti-Saloon League advised its constituents not to vote upon the proposition.

It is estimated that the income on \$8,000,000,000 of intangible property escapes taxation in Illinois, and the claim is made that under the proposed constitution it would be possible to "get at" this income for taxation purposes. If the figures be true certainly the increase from income revenues would make possible some reduction in taxes on real estate.

The vote on the soldiers' bonus bill in Illinois shows a large majority in favor of this proposal. The Illinois plan has its mark of sincerity by comparison with the national legislation that was proposed. The Illinois measure provides the way for raising the funds, while this is not true of the bill passed by congress.

THE THIRD LARGEST INDUSTRY IN U. S.

Carefully estimated figures in the moving picture industry, supported by the records of the Commissioner of Internal Revenue for the fiscal year 1920, give a conservative idea of the magnitude of the movie business, and are quoted in Forbes Magazine.

It is generally estimated that there are 15,000 motion picture theaters in the United States, 80 per cent. of these representing the smaller variety charging from 11 to 17 cents admission. This compares with approximately 17,500 theatres in the rest of the world. There is a total seating capacity of more than 5,400,000. On the average this is filled at least twice daily, and it is a fair estimate that the theatre owners take in each week a total of \$14,500,000, or an average of over \$2,000,000 a day. This makes a total annual expenditure for movies of \$750,000,000, or, based on a population of 105,000,000 people, an annual average expenditure for each person of \$7.14.

The 10 per cent. tax on admissions to theatres for the 1920 fiscal year amounted to \$75,733,647.

Around \$200,000,000 is spent annually for productions, and our exports of moving picture films during 1920 totaled \$11,000,000—47,000 miles of film.

America has almost a monopoly of the business of photoplay production. There are two reasons: a huge market within our own borders, and more money to spend on production. Moreover, the climate of California permits the making of pictures all the year around, while in most of Europe there are long off-seasons, and even in southern France and Italy there are atmospheric difficulties.

ARMISTICE DAY.

November eleventh, that day of joy
When our boys across the sea
Laid down their arms the victory won.
For right and humanity.

Rejoicing and cheers for the victory won.
For the boys in khaki brave,
Who gave their lives to conquer wrong.
And sleep in unknown graves.

Yes, some are lying in Flanders' fields,
The red poppies wave o'er their head;
They laid off their armor to take up the crown,
The brave, brave boys that are dead.

Rejoice and be glad that some have come back,
Back to their home and their friends;
Say a prayer, shed a tear for the absent ones,
Sleeping in foreign lands.

When we are called in that last great day,
To rejoice with the ransomed and blest,
The Father will gather His soldiers home
From the North, South, East and the West.

Futures

By Berton Braley

I'm going to start saving Jack
Tomorrow,
I'll take my borrowed books all back
Tomorrow,
I'll write those letters, that I owe;
I'll visit Bill, who's sick; although
Today I can't, I'll surely go
Tomorrow.

I'll read the books I ought to read
Tomorrow,
I'll buy those clothes-books that we need.
Tomorrow;
I'll fix that table for my wife,
I'll sharpen up that carving knife,
I'll start to lead a nobler life
Tomorrow.

I'm gonna cut my smoking down
Tomorrow,
I'll eat less lunch when I'm downtown.
Tomorrow;
I realize I'm oversize,
And that my way of life's unwise,
I'll start in taking exercise
Tomorrow.

THE world would be made over new
Tomorrow,
If folks did what they promised to
Tomorrow;
Alas, our good intent goes lame,
And so we wallow in our shame,
And things will be about the same
Tomorrow!

TWO SCARLET FEVER CASES AT LYNNVILLE

County Health Department Keeping Close Tab on Situation at Lynnville—No New Cases Have Occurred.

Two cases of scarlet fever have occurred in the Lynnville school in recent days, and the situation there is being closely watched by Dr. R. V. Brokaw, the county health officer. There has been daily inspection of the school children and a few of the children with slight symptoms of the disease have been excluded from the school. Home calls have been made in all cases where children have been kept at home because of illness.

Two cases have been placed under quarantine and up to the present time no new cases have occurred. Although there was some talk of closing the school it seemed advisable to the health officer to keep the school open in order that the pupils might be kept under more careful observation rather than be scattered throughout the neighborhood in their respective homes, with the risk of mild cases occurring that might escape observation and so continue the spread of the disease.

The health department again calls attention to the fact that a careful examination on the part of parents and teachers will go far in preventing the spread of contagious diseases. If a mother will keep her child at home for a few days at the first signs of illness, an epidemic might often be averted.

WOODSON HOUSEHOLD SCIENCE CLUB MET

The Woodson Household Science club held its regular meeting Wednesday afternoon with Mrs. Bess Smith.

The meeting was in form of a "Kid Party" the members coming dressed as children.

Roll call was answered to by "Mother Goose," "Hippopotamus," "The Harefoot Boy," was given by Mrs. Myrtle Crain. Another reading, "The Picture Cow that Kicked," was given by Mrs. Stella Dean. Both of which were greatly enjoyed.

A play solo by Mrs. Smith and a duet by Mrs. Nettie Ezard and Mrs. Margaret Kitzer added much to the afternoon's fun.

At the close of the business session all were invited to the dining room where dainty refreshments in lunch buckets were served.

The next meeting will be November 22, with Mrs. Ina Colton. At this time plans will be completed for the annual bazaar to be held December 1.

BACK FROM NEBRASKA.

Mr. and Mrs. Ensley Moore returned Friday from one of their perennial visits to the state which Mr. Hitchcock used to call his own. One of the matters especially interesting Mr. Moore was the election of Charlie Bryan as Governor of the western state. As is known to many here, Mr. Bryan attended Illinois college, soon after William Jennings did, and seems to have imbibed the Jacksonian instincts of being somebody. It is not many families that has had a father who was a state senator and circuit judge of Illinois with a son who became congressman and secretary of state of the great republic and another son to be governor of the younger man's adopted state.

Nebraska is growing and improving as are its citizens, and is well worth visiting especially when it is raising grandchildren for our own old citizens.

Oscar Mays of Peoria boulevard has moved his family and chattels to the tenant house of Perry Henderson, two miles west of Litterberry.

Miss Eleanor Guy who has been confined to her room for two weeks with pneumonia, is convalescing.

Mrs. Nettie Scribner is sick with sore throat and cold.

Mr. and Mrs. Oscar Petefish went some miles west of Chandierville on Wednesday after nuts and were so unfortunate as to have a breakdown. Orville Cream, an efficient garage man, drove up and brought them home.

Mr. and Mrs. John Berry and Mrs. Albert Crum of Jacksonville called at Maple Mount on Thursday afternoon.

The all day luncheon and evening soup on the day of election was a big success and all parties were well pleased. The "Golden Rule Club" are under obligations to their many friends for their assistance.

HEALTH OFFICER SEEKS FACTS IN TYPHOID CASES

Dr. R. V. Brokaw, county health officer, has for a number of days been making investigation as to the source of infection which has resulted in the death of two members of the Yates family on Marion street, as the result of typhoid fever.

From facts known about the water supply, it has been pretty well established that the water in the well the family has been using is impure. Samples have been taken and an analysis is being made.

Dr. Brokaw began a charge of the investigation of the case as such as the facts came to the attention of the health department.

WILL HEAR DEBATE IN MOLINE TODAY

William N. Haigrove has gone to Moline to attend a meeting of the Bar association today. One feature of the meeting will be a debate on the proposed new state constitution by Henry I. Mr. Green will argue in favor of the new constitution, while Mr. Darrow will take the negative.

SECOND NUMBER OF ALUMNAE PAPER APPEARS

The Alumnae Association of the Woman's college has just issued the second number of "The Alumnae News." The publication contains reports of the meetings of the Alumnae society the previous day program and sundry items about the members of the organization. There is also a letter by Miss Mary Wadsworth concerning her experiences in England. On the front page is a picture of Dr. J. R. Barker, beneath which appears the title "Joseph R. Barker, Builder."

NEBO MAN PASSED AWAY IN THIS CITY FRIDAY

The death of Miss B. Main of Nebo occurred at 5 o'clock Friday morning at Passavant hospital, where the deceased had been a patient for some time. The remains were taken to the Reynolds mortuary and later were sent to Nebo for interment. The remains were accompanied by two daughters of the deceased, who were here when the end came. Mrs. Main was a well known farmer of the Nebo neighborhood.

PROGRAM AT BROWN'S WAS GREAT SUCCESS

Entertainment and Parcel Sale Drew Large Number to Brown's Business College Last Night.

The entertainment and parcel sale given by members of the graduating class at Brown's college last night proved a most successful affair. The attendance was all that could be desired and the patronage very liberal.

The program included violin solos by Miss Helen Sorrells of the Conservatory of Music faculty and readings by Miss Katie Clark-son of the Business college faculty. There were also musical selections by the Short family.

Candy, popcorn and other good things to eat met with ready sale and the patronage at the parcel booth was liberal. A fish pond and fortune telling booth also attracted much attention. Miss Lillian Groves was awarded a time box of candy as she was voted to be the most popular young lady present. A great big pumpkin pie was offered as a prize to the laziest man present and G. C. Claybaugh, principal of the college, was the winner of this prize.

The rooms had been attractively decorated for the event autumn foliage and the class colors being combined in a most charming manner.

The arrangements were in charge of the class officers who are: Hayden Walker, president; Miss Lulu Hubbard, vice president; Miss Hazel Christensen, secretary; Miss Armeta Meyer, treasurer.

ATTENTION W. R. C.

FAIR ASSOCIATION DEFERS ELECTION

After a brief session Friday night members of the Morgan County Fair association adjourned without carrying out the intended business program. It had been the purpose to elect four directors and to follow the organization of the board in preparation for the 1923 fair.

L. A. Reed, president, presided and various matters of record were presented by Secretary Harold Welch. Some questions relative to organization were referred to Judge Samuel. After Judge Samuel had presented an explanation of possible changes in the organization plan, it was decided to adjourn to a later date. At that time Judge Samuel is expected to present a corporation plan, including some of the suggestions made by the association members last night.

Advertising Man Tells About Tanlac

"Advertising men watch each others' work pretty close, and of course I followed the Tanlac ads. I want to say its just like they claim because I tried Tanlac and it fixed me up fine.

This statement was made recently by Elliot L. Kramer, well-known advertising specialist, 6110 Eberhart avenue, Chicago, Ill.

"I had a bad attack of stomach trouble," he said, "became terribly run down and nervous and lost a lot of weight. It was next to impossible for me to sleep and I was losing my grip on work. My appetite was just about gone and the little I did manage to eat caused me awful pains, gas and heart burn.

"Tanolac gave me an appetite like I used to have when a boy on the farm. I have gained fifteen pounds, sleep like a top and always feel ready for the biggest job I can get. Tanlac is one medicine with real power."

Tanolac is sold by all good druggists.

VOTE IS CANVASSED IN COUNTY ELECTION

Voters Opposed to Amendment of Liquor Laws By Vote of 4,207 to 5,445—Certificate of Election Issued to W. H. Weatherford Treasurer—Totals on All Offices.

Morgan county left no doubt as to its attitude on the liquor question. According to the returns canvassed by the election board 5,445 votes were recorded against the wine and beer proposal by comparison with 4,207 cast in favor of the proposal.

The tuberculosis sanatorium lost by a majority of three, the official count showing 4,252 for and 4,255 against. The vote on the soldiers' bonus proposal was 5,141, no 4,760. This majority of more than 400 was not sufficient to carry it in the county since the law requires a majority of the total vote cast in the election.

However, the state as a whole has recorded a heavy vote in favor of the bonus proposition.

The work of the canvassing board, which included Justices Opperman and Whitlock and the county clerk, was concluded Friday morning. The official count showed no changes of moment except that previously mentioned with reference to W. H. Weatherford and Harry Norris for treasurer. The official returns gave Mr. Weatherford a majority of one and a certificate of election was issued.

In every precinct in the county the ballots were the same, except in Woodson, where an election for justice of the peace was held. J. H. Shirley received 155 votes and John R. Henry 131. The official totals for the various offices are as follows:

GRACE CHURCH BIBLE CLASS HAD MEETING

Men's Bible Class in Regular Monthly Meeting At Church Last Night.

The regular supper and program of the Men's class of Grace church of Sunday school was held Friday evening at the church. Supper was served at 6:15 by the Opportunity class of the Sunday school, and afterward came the program.

Solo—G. Stiefel.
Quartet number—High school quartet, Harry Stone, Russell Deatherage, Edward Lewis and Beom Morris, with Miss Melva Moses as accompanist.

Poem—"A Word to the Men's Bible Class" (written by Carlisle Scott)—Read by Hubert Little, quartet number.

Vocal solos—Miss Puri of Illinois Woman's College.
J. J. Reeve, the teacher of the class, then introduced as the main speaker of the evening, John Barber of Springfield, who discussed the subject "The Bible and Modern Civilization." Mr. Barber is a forceful speaker and his address last night was well worth hearing. Another speaker was Judge O. P. Thompson, who spoke briefly on the general subject of better citizenship.

The poem which Mr. Scott wrote especially for the occasion is given below:

A Word to the Men's Bible Class
What shall I write or what shall I say

To this Sunday School class of men?
For this is a night for a jolly good time

With this class of ten times ten,
There are some in this class of faithful men

Who can answer every call,
Some study their lesson every week

And others—NEVER AT ALL.
Some in the class are always on time,

Others, often a little late,
(Be sure my friends you're not behind

When you arrive at Heaven's Gate).
If an irksome task presents itself,

This class will never shrink,
But a few among these men we find

Would rather loaf than work.
Now the teacher's name, we understand,

Is Mr. John J. Reeve.
A better man is hard to find

Is what this class believe.
As assistant he does have we're told

By the name of Mr. Green.
He is not what you would call

Real fat—
In fact, is rather lean.

A president, too, you do possess,
His name you know, I reckon.

That white haired man we often see,
Known as "Jimmie Brecken."

I wonder what you all would think
If I call you wise old codgers,

But some of you are generous—
Among them, W. B. Rodgers.

There is one who cares for all the money
And also is your scribe—

This man is Mr. Howard Cully
Who would never take a bribe.

We cannot mention all your names,
They are too great and many

If apologies are due—
Indeed we have not any.

This is a wonderful class, of men
A class of men of various kinds

They are short and tall, lean and fat
We find them too with many minds.

With all their faults and all their pep
A better bunch one seldom finds.

Order your table and whipping cream—Phone 225.

Oats Never Cooked so quickly

Instant Quaker Oats
Cook in 3 to 5 minutes

Your grocer now has Instant Quaker Oats, as well as the style you know.

Instant Quaker, perfected by our experts, is the quickest cooking oats in the world. It cooks to perfection in 3 to 5 minutes.

Both styles have that exquisite flavor which has won the world to Quaker. Both are flaked from queen grains only—just the rich, plump, flaky oats. In both we get but ten pounds from a bushel.

But in Instant Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

If you want the Instant Quaker, look for "Instant" on the label. You will get the quickest cooking oat flakes ever known.

Itching PILES

PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application.

All druggists are authorized to refund money if PAZO OINTMENT fails to cure any case of ITCHING, BLIND, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days. 60c.

INTENSE ITCHING BURNING ECZEMA

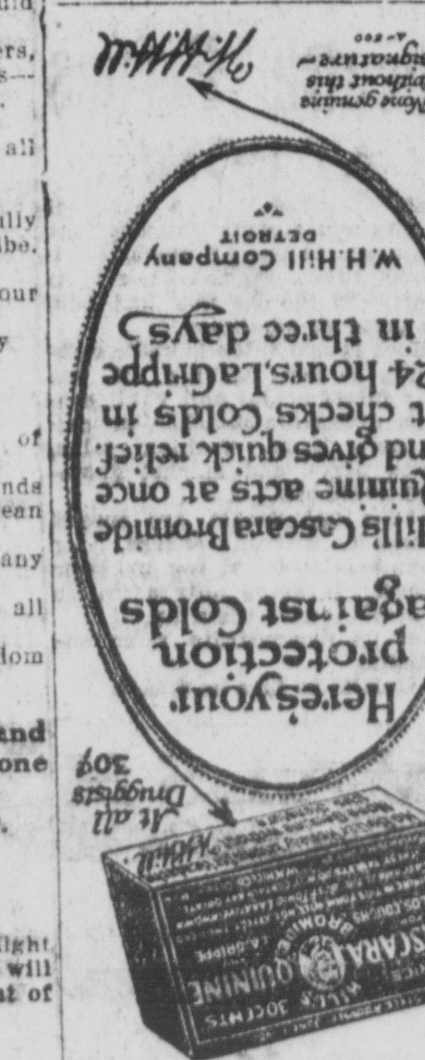

On Neck, Chest, Arms and Shoulders. In Blisters. Cuticura Heals.

"Eczema broke out in small, red spots around my neck and quickly spread to my chest, arms and across my shoulders. The itching and burning were intense, and when I scratched, or rubbed it, small, white blisters formed.

"I was treated but got no relief. I sent for a free sample of Cuticura Soap and Ointment. Seeing they were helping me I purchased more, and now I am completely healed." (Signed) Mrs. John Timbrooks, Rt. 3, Romeo, Michigan.

Cuticura Soap daily, with Cuticura Ointment occasionally, prevents pimples or other eruptions. They are a pleasure to use as is also Cuticura Talcum, a fascinating fragrance for perfuming the skin.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden 55, Mass." Sold every where. Send 10c. Ointment 25c. Talcum 10c. Cuticura Soap 25c. without money.

No more Rheumatism

"Suffering has gone
from your face, mother!"

S. S. S. is the Great Builder of Red
Blood-Cells and Rheumatism
Must Go! Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glow again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the greatest blood-builder, blood-purifier, system-strengthening, nerve-invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run-down, tired men and women, beautifies complexion, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

History Club Had Armistice

Day Program
The History Club of Woman's
College gave an Armistice Day
program Friday evening at the
College for all the other students.
Prof. W. J. Weber, who was in
France when the Armistice was
signed made an address on the
celebrations of that day. There
Miss Katherine Randle talked on
the events that led up to the Ar-
mistice and the popular war-time
songs were sung. Miss Alice Bar-
weise and Miss Martha Logan
with several other girls, gave two
pantomime pictures of life in the
trenches. Miss Myra Childs, the
vice president, is program chair-
man and was in charge. Miss
Thelma Pires is president of this
club which has a hundred mem-
bers, but it was only organized
this fall. Miss Gertrude Lobdell
of the faculty, is the club advisor.
It is the purpose of the club to
give all history students a broad-
er interest in their work. Meet-
ings are held once a week, and
some sort of program will be pre-
sented each time.

Dokays Gave Successful

Dance Friday Night.

Members of the Dokays gave a
successful dance in Castle hall Fri-
day evening. Sixty couples were
present and the affair proved a
most pleasant one. Brown's Or-
chestra furnished music for the
occasion. The committee in charge
of arrangements was composed
of Wilbur Hauck, James Guyette
and Jewell E. Scott.

a large number of the young peo-
ple of the neighborhood.

MISS KNOPF EXHIBITS IN CHICAGO INSTITUTE

Two Paintings of Colorado Scenes
Accepted for 30th Annual Ex-
hibition of Paintings and Sculp-
ture By American Artists.

Miss Nellie A. Knopf, head of
the art department of Illinois Wo-
man's College, is an exhibitor in
the 30th annual exhibition of
paintings and sculpture by Amer-
ican Artists at the Chicago Art In-
stitute. This is one of the premier
exhibitions of the year in America
showing 200 canvases this year
out of a thousand submitted. At
the Pennsylvania Academy of De-
sign in Philadelphia Miss Knopf
has one composition in the 29th
annual exhibition of American
water colors.

"September Bouquet" is the
title of the water color sent to
Philadelphia. The oil paintings at
Chicago are "Pike's Peak" and
"From the Top of Mount Man-
itou." Miss Knopf has a large
number of oils from her two
summers' work at Colorado
Springs, some of which are in-
cluded in traveling exhibits show-
ing at American Schools of art.
Miss Knopf is enthusiastic about
the possibilities of Colorado
scenes for landscape work, and
intends to return again next sum-
mer.

A visit to her studio also
brought to the reporter's notice a
fine study of autumn trees in
Jacksonville, as well as some re-
markable beach and water pictures
done in Michigan and Maine.
Some paintings of wood and trees
show unusual atmospheric effects
and some of the mountain scenes
done on damp days are also re-
markable in this respect.

WHITE HALL MAN IS ACCIDENTALLY SHOT

John E. Wyatt Shoots Himself In
Foot and Inflicts Painful Injury
—Other White Hall News
Items.

White Hall, Nov. 10.—Postmas-
ter John E. Wyatt is again in
trouble, but his troubles are physical
in character. He was
out to his farm Wednesday eve-
ning, assisting in sorting some
caves, and carried a shotgun.
While the gun rested on his left
foot it was discharged, the entire
charge striking the large toe,
completely obliterating the mem-
ber. It was a very painful in-
jury, and he required such a large
anesthetic application to cause
him to capitulate for the dressing
operation that he was quite sick
during Thursday, but is now
around on crutches. Only a few
months ago he twice suffered a
broken arm by falling over mail
matter in the post office.

Miss Dora McFarland has gone
to Tacoma, Wash., for an indefi-
nite sojourn with Misses Mina
and Mary McColister and Mrs. J.
S. Judd.

Mrs. A. M. Carey will depart
Sunday night on her return to
Sierra Madre, Calif. The impres-
sion has gained currency that
Mrs. Carey is considering some
sort of a memorial for the Ben-
jamin Smith family of local pion-
eers, and that she considers a liv-
ing memorial such as the Gris-
wolds have provided as the proper
way to hand down the family
name to posterity. There is no
question as to her views on the
subject, her doubt being in it
being properly appreciated by the
people. She says White Hall
needs an outlying park of about
twenty acres that will provide for
all sorts of picnic gatherings,
camping parties and as a per-
manent location for the White
Hall chautauqua. Mrs. Carey will
be 88 years of age next April, and
she makes her journeys across the
country alone.

PLAY AT FRANKLIN

WAS GREAT SUCCESS

A crowd which taxed the
capacity of Marquette Hall in
Franklin assembled Friday night
for the presentation of "Her
Gloves" by the young people of
Sacred Heart parish. The cast
included some of the most talent-
ed young people in the Franklin
community and the production was
in every way meritorious.

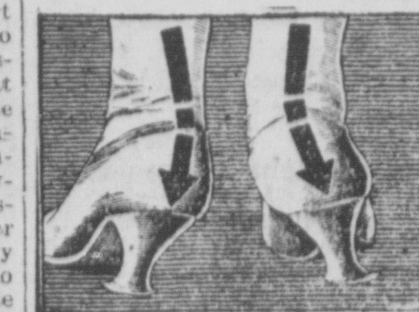

In addition to the play, the
program of the evening included
some special musical numbers by
Miss Frederica Balcke of Illinois
Woman's college. These features
added quite materially to the suc-
cess of the evening.

Dancing was enjoyed for sev-
eral hours following the program,
a large number remaining for this
part of the program. Miss Dor-
othea Sargent furnished music
during the program and for the
dancing later.

Health is the Most Valuable Asset You Have.

Hear What This Woman Says.

Danville, Ill.—"When I was twenty years of age I was in a very delicate state. I suffered greatly at intervals and my case seemed to be getting worse in spite of all I did to improve my condition. Some one told me of Dr. Pierce's Favorite Prescription and also the Golden Medical Discovery. I at once began to use these remedies and am happy to say after such a hard fight these wonderful medicines have mastered my trouble and nature has been assisted so that each organ of the body is acting in a natural and regular way. I. S. D. WILL PLAY MISSOURI HERE FRIDAY

Date Changed in Order to Avoid Conflict With Illinois College Game.

Col. O. C. Smith of the school for the deaf announced yesterday that Coach Roby Burns had made arrangements with the Missouri school for the deaf to bring their football team here Friday, November 17, for their annual game with the local school. The date originally was for Saturday, November 18, but the local officials had the date changed so as not to conflict with the Illinois college game. This will give the local football fans a chance to see the Tigers in action.

It was also announced that the game would mark the first annual homecoming at the local school and invitations have been sent to former students inviting them to the homecoming. Plans are underway to make November 17, one of the greatest days in the history of the school.

If you want to see a real football team in action be at the game November 17, for the Tigers have one of the best teams that ever represented I. S. D.

NEBRASKA MEETS KANSAS AT LAWRENCE

KANSAS CITY, Mo., Nov. 10.—With four all conference games scheduled football interest in the Missouri Valley conference tomorrow centers around the Nebraska-Kansas game at Lawrence. The Cornhuskers, still stinging from their defeat by Syracuse last Saturday, undoubtedly will stage a powerful comeback while Kansas will fight to maintain the record of not having been defeated in the new Kansas university stadium.

The percentage table favors Nebraska as the Lincoln aggregation has won its two conference games while the Jayhawkers have won one game, tied one and lost one in the conference.

An interesting contest is promised in the Missouri-Oklahoma game at Norman. The Sooners will have the advantage of playing on their home field and the visitors have the advantage in the record of games played thus far. The Oklahoma have lost two games and tied one, while the Tigers show two victories and two defeats.

Another all conference game tomorrow will be played at Grinnell between the Iowa college team and Washington. The latter team goes to Grinnell with a record of four defeats and undoubtedly will make a strong effort to move from the bottom of the conference percentage table.

Grinnell shows little more strength in the conference than Washington having lost two and tied one.

On the Kansas Aggies field the Manhattan team should have an easy time with the Iowa State college eleven. Ames has two victories to their credit while the Aggies have two victories and two tied games to their credit. Manhattan has been able to defeat the Iowa school only once in the past five years.

KNOX COLLEGE AND COE PLAY TODAY

Galesburg, Ill., Nov. 10.—Varsity football squads of Knox college and Coe college of Cedar Rapids, Iowa, will meet here tomorrow in a game celebrating Armistice Day. Both teams have indulged in stiff scrimmages the past week.

MANY TO WITNESS BIG FOOTBALL GAME

Over 200 Students Will Drive Over Today—Girl Put on Novelty and Lead Cheers—Two Full Teams Going.

More than 200 students of Jacksonville high school are expected to make the trip to Springfield today to witness the Jacksonville-Springfield game and root for the home team. Approximately 80 per cent of the senior class expressed themselves as intending to go.

The game is to be called at 2 o'clock, and the first team players will take the bus at 11 o'clock. The second team will be carried in various cars driven by students. The Springfield boosters had some extra auto display signs for the game which they sent over Friday for Jacksonville tourists, and the cars will be profusely decorated with J. H. S. pennants, streamers and signs announcing the intention of the school to beat Springfield.

A pep meeting held from 2 to 2:30 Friday afternoon at the high school was enthusiastic affairs the more so because girls were featured as yell leaders. Margaret Williamson appeared to start the proceedings with a Springfield pennant on her back, a dripping move from the Springfield effort to defeat the Jacksonville team, and a crocodile expression of defeatism on the visible portion of her countenance.

She reappeared at the head of eleven girls, all in "J" sweaters. They led the high school yell, sang a new school song, and ended their part of the performance by dragging the team men to the bus. A clever burlesque Harold Kamm, cheer leader, was given by Miss Williamson.

Lawrence Laney, old grad, was chief official in refereeing the celebration, and assisted Kamm in the final cheer leading.

I. W. C. NOTES.

Miss Florence Collins, Mitchell, S. D., former student of Illinois Woman's college, stopped in Jacksonville Friday on her way to Manchester to visit her grandmother. She was accompanied by two Misses Heaton of East Moline, who are also on their way to Manchester for a visit.

Thursday a subscription and pay-up campaign for the Illinois yearbook was on in the halls of the college. The subscription list of the annual is more than 300, including alumnae and outside students, a large proportion of the 243 resident students.

Two interesting letters from former students have been received by the college office. One of these was from Miss Mabel Osborne, 18, of Robinson, Ill., who is teaching in the next largest high school in the United States at Pasadena, Cal. She is intensely interested in her work being in charge of home economics in the school. She has made an excellent record, and is receiving a very good salary.

Ruth Mendon, ex-'18 is the other correspondent. She was in college two years, coming from Milford, Ill. She spent several years teaching, but is now in social service work in Toledo, Ohio. She expects to take up similar work in Seattle, Wash., the first of the year.

THREE UNDEFEATED TEAMS PLAY TODAY

Chicago, Wisconsin and Iowa of Big Ten are to Play—Chicago and Ohio Game of Greatest Interest.

CHICAGO, Nov. 10.—Three undefeated survivors of the Western conference championship race—Chicago, Wisconsin and Iowa—will swing into action tomorrow in games that will result in further elimination in the scramble for the title.

Northwestern and Purdue each nursing two defeats will play at Evanston, while Indiana will venture from the "Big Ten" ranks for a homecoming game with West Virginia at Nocomington.

Primed for a battle more bristling than their encounter with Princeton and confident of squaring accounts for two previous defeats, Chicago with two weeks' rest is ready for a desperate contest with the Buckeyes. Chicago is conceded to have the stronger line, but there is doubt concerning the defensive strength of the Maroons when forced to cope with a speedy aerial attack. The Ohioans have employed this style of attack in their two other triumphs over Chicago and are expected to use the forward pass game tomorrow.

Minnesota is given on outside chance to defeat Iowa, but if the Hawkeyes are in the top prospects of a Minnesota victory are remote.

Leland Parkin, the Iowa quarterback, who scored the touchdown that defeated Yale, will be back in the game, handling the team, and Captain Locke and Shuttlerworth in the backfield will balance the power to the Hawkeyes.

Illinois beaten by Michigan and Iowa threaten to spring a surprise at Madison. The game promises to develop into a real grudge affair as a result of the charges made by both institutions over protested plays. Conclude the quarterback, who booted the two drop kicks that defeated Northwestern a week ago, will be dangerous to the Badgers if the Illini get the ball within striking distance of the goal.

Why the Brunswick Phonograph is what it is—

While we rely entirely on the inherent merit of the BRUNSWICK to prove its own case, as it has always done—yet, it is a source of great satisfaction to occasionally reflect on the wonderful organization and resources back of it which has not only been responsible for the present unique position of esteem in which the instrument is universally held, but which also furnishes us and our clientele of BRUNSWICK owners with the satisfying assurance that the BRUNSWICK will always be the most desired of all phonographs.

A few facts concerning the Manufacturers of the Brunswick Phonograph.

They are capitalized for \$56,000,000.00.

—have branch offices in twenty-five cities in the United States—five in Canada, one in France, one in Cuba and one in South America.

—operate their own timber lands in Northern Michigan.

—make every part of the BRUNSWICK Phonograph in its entirety.

—are the only phonograph manufacturers in the United States, and we think, the only one in the world, that actually does this.

—have at the present time seven factories devoted to the manufacture of phonographs and parts, and two factories to the pressing of records.

—cut their own veneer logs and slice their own veneer.

—manufacture their own panels and are just completing a plant to manufacture shipping cases for their phonographs.

Ponder over these facts and you will readily discover the reason of our enthusiasm for Brunswick Phonographs and Records.

HEAR, THEN COMPARE

The way to fully appreciate the superiority of The Brunswick is to hear it then make comparison. Your ear will quickly decide in favor of The Brunswick.

CLOSE OF WHEAT MARKET UNSETTLED

CHICAGO, Nov. 10.—Dearth of
important fresh buying a circum-
stance ascribed to general unwill-
ingness to assume new risks in
the face of a double holiday, had
a bearish effect on the wheat
market today. Prices closed un-
settled at the same as yesterday's
finish to 4¢ lower with December
\$1.154 and May \$1.144 to \$1.143.
Corn lost ½¢ to 1¢ and oats ¼¢ to
½¢. In provisions there was a rise
of 5¢ to 25¢.

Moderate selling of wheat
proved more than sufficient to
wipe out slight initial gains here-
to. Higher quotations at Liver-
pool. The selling was based in
some degree on current opinions
that with the British and French
acting in accord the Turkish sit-
uation had lost much of its im-
mediate significance so far as the
grain markets were concerned.
Indications of an increased ear-
ly supply in the southwest point-
ing to a bigger movement of wheat
there was an additional handicap
to bulls and so was prospective
further rain west where moisture
has been deficient. Evening up
to prepare for the holidays ended
rally the market at the last
with the help of signs that ex-
porters at the seaboard had de-
posited of 500,000 bushels to
Europe.

Corn and oats were easier with
wheat and as a result of lack of
export inquiry.

TRADING IN BUTTER ACTIVE

CHICAGO, Nov. 10.—Trading
in the fresh butter market was a
little more active today and
street stocks continued light. As
a result dealers had little diffi-
culty in obtaining full prices, but
due to reports of delayed ship-
ments of demand the feeling in
the butter market was no more
than steady. Fine fresh butter
was closely cleaned up with
positive quality of 92 score selling
at 48½ cents. There was some
demand for medium grades and
the undergrades were scarce.
Centralized and storage butter
were steady and fairly active.
Closing prices, fresh butter:
84 score 35¢.

CONSTITUTION THEME AT ROTARY MEET

State's Attorney Robinson Gave His Reasons for Supporting Proposed Constitution.

State's Attorney Carl E. Robinson presented an interesting discussion of the proposed new constitution at the weekly luncheon of the Rotary club Friday at the Pacific hotel. Mr. Robinson is in favor of the constitution and believes that it offers a number of improvements by comparison with the present constitution.

The only guest of the day was Howard Travis of Peoria, who is a Rotarian.

In beginning his address Mr. Robinson said that in the consideration of the proposed constitution that it should be taken into account that it was framed by delegates legally chosen to represent every county in the state. These delegates were not self-appointed, and the new constitution represents their best thought. The speaker said further in the consideration of the constitution that it is not a question as to whether the proposed constitution is ideal and includes the best plans that could possibly be evolved but whether it is an improvement over the present constitution.

Mr. Robinson said that in a half hour's time it would be possible to discuss only a few points. He mentioned the fact that considerable opposition has developed because of the provision relating to the reading of the Bible in the schools. He said that the section relating thereto providing that any version of the Old or New Testament may be read in the schools if without comment. There is nothing in the constitution to require such reading and whether or not there is reading will depend upon local wishes and sentiment on the subject.

Mr. Robinson favors the provision whereby a man accused of felony other than murder may enter a plea of guilty and have his case passed upon by a judge without a jury. In the speaker's belief the proposal to do away with the grand jury system means an advance.

Explains Jury's Functions

Mr. Robinson explained the functions of a grand jury, which consider only the evidence against an accused person and decides whether or not the evidence is sufficient to warrant a trial.

It often happens that a man charged with a crime must wait in jail several months for the convening of a grand jury before he has the opportunity of entering a plea of guilty. Mr. Robinson also approved the proposal of increasing the number of members of the supreme court from seven to nine, and explained the provision whereby not more than two judges at any time can be chosen from Cook county.

Under the present organization only one judge comes from the district including Cook county, where more than half of the business of the courts arises, while six of the judges come from down state.

Explanation was also given of the proposed change in the law with reference to county judges. As the law now stands, a county judge need not be a lawyer and so occasionally men are elected for the office who are without legal training or knowledge of the law. The constitution proposes that a county judge must be a member of the bar that his salary shall be paid by the state, and that during his term of office he shall not engage in the general practice of law.

The duties of the county court are increased and provisions are made whereby the county may or may not have justices of the peace. In the matter of courts, Mr. Robinson said he also approved the fact that under the new constitution the supreme court could appoint others than circuit court judges as members of the appellate court. The present system results in blocking the business of circuit courts because circuit court judges with crowded calendars are needed for service in the appellate court.

County Representative Plain Mr. Robinson touched upon the question of representation in the general assembly and said that under the new constitution this county would be in a separate legislative district and the county would therefore have direct representation in the lower house. Under the constitution as proposed, Chicago would have representation in the lower house of the legislature in accordance with its population, but the number of senators would be fixed.

In this way Chicago would be prevented from securing control of the general assembly and an equality maintained between Chicago and down state. This is a very important matter when it is taken into account that while Chicago used to have 14 per cent of the state's population, that today it has 47 per cent.

A brief statement was also made with reference to the revenue provision. Mr. Robinson favors the giving of authority to the legislature to levy an income tax on his belief that the levying of such a tax will bring into the assessment list so much property now hidden that lower taxes would be likely to result on real estate.

Interest in the discussion was increased by several statements by Judge H. P. Samuels and J. J. Heavey, who also believe that the proposed constitution offers the opportunity for various betterments.

D. A. R. PARADE NOTICE

All members of Rev. James Caldwell chapter, D. A. R., who wish to be in the Armistice Day parade are asked to meet at the corner of Westminster and State streets at 10:30. Members having cars will assemble there and there will be room for all who care to ride.

ROBERTSON HOME WILL BE REBUILT

Insurance Adjustment Fixed at \$10,961 By Company Representatives.

J. D. Dreihls of Chicago, insurance adjuster was here Friday and settled the loss on the residence of Mrs. John Robertson on West Lafayette avenue which was recently badly damaged by fire. The five policies on the building and contents were in companies represented by John N. Kennedy and Virgil Robertson and the loss was settled by agreement on the basis of \$10,961.

Joseph DeGoveia as contractor made the estimates for Mrs. Robertson on the building. The adjustment was made so satisfactorily that Mrs. Robertson greatly appreciates the promptness and courtesy shown.

It is the intention to have the dwelling re-built and Mr. Goveia has already begun the work. However, as winter weather is likely to come at no distant date, the work will probably not be finished until spring. For the present Mrs. Robertson and her son, John R. Robertson, are at the Dunlap. It is Mr. Robertson's intention to a little later arrange for a private home during the period of rebuilding.

REV. H. D. FRENCH NOW PASTOR BROOKLYN CHURCH

Jacksonville friends of Rev. Howard D. French, who was for several years pastor of State Street Presbyterian church, will be interested in knowing that he has recently been called to the Church of the Pilgrim in Brooklyn. For a number of years Rev. Mr. French has been pastor of the Church of the Messiah in Los Angeles, where he has been unusually successful in his work.

The Rev. Richard Salter Storrs was for nearly 50 years pastor of the historic New York church and the immediate predecessor of Mr. French is Rev. Richard Roberts.

Mr. French was chosen after a large number of possible candidates had been considered.

ALEXANDER SOCIETY WILL MEET TODAY

The regular monthly meeting of the Standard Bearers of the Alexander M. E. church will be held this afternoon at the home of Mrs. Fred Neaf. Miss Ethel Willetts will be the program leader and will also read the Scripture lesson. The leaflet of the afternoon will be read by Mrs. Neaf, the topic being "I Wish You Were a Doctor." The mystery box will be in charge of Miss Willetts. Reports of the recent district meeting at Winchester will be given by the delegates.

A social hour will follow the program and at this time the hostess will serve refreshments.

TELEPHONE PROBLEM IN WHITE HALL

White Hall, Nov. 10.—The services of William Teter, local manager of the Illinois Telephone Co., are to be dispensed with January 1st, and it is stated that the place is to be filled by the chief operator and bookkeeper, Miss Ethel Culbertson. Mr. Teter is highly esteemed by local people. The company applied for a franchise at the November session of the city council this week, and the matter was held over in order to give thorough consideration to its legal aspects and provisions. Mayor H. W. Roodhouse has become a municipal ownership advocate in two public utilities, these being the telephone and the electric service. He has all matters arranged for a vote on a bond issue for an electric plant, and from his conversation it would appear that he would like to include provision for a telephone service along with the electric light and power proposition.

LONG DISTANCE HIKER IS VISITOR IN CITY

Jack Lewis, of Los Angeles, Cal., was in the city recently for a few hours. He is making a hike of 3,500 miles from Los Angeles to Milwaukee, Wis., and hopes to thus secure the loving cup and \$3,000 which is offered by the Los Angeles Chamber of Commerce and Southern California Auto association for such a feat.

Mr. Lewis left his western home June 9, and has made sixty to sixty-five miles each day since that date. He says he is enjoying the trip immensely and is adding considerably to his weight in spite of the strenuous daily program he follows.

LOCAL REAL ESTATE MEN ADOPT CONSTITUTION

At a recent meeting of the local real estate board held at the office of C. O. Bayha in the Unity building, a constitution and bylaws were adopted and other matters of business considered. The board also agreed upon the rules and regulations which will relate to commissions and other questions which come up in their particular line of business. All but about ten percent of the local real estate men are now members of the board, the main object of which is to enable its members to take united action in all matters for the common good.

THRILLING AIR STUNTS ARMISTICE DAY FEATURE

Planes to Circle Parade Line of March—Bombing, Wing Walking, Plane Changing, Loop Riding, Parachute Drops—Program of One of Finest Air Aggregations Ever Seen.

One of the finest aggregations of air performers ever gotten together in one place will help Jacksonville and the Legion celebrate Armistice Day. Nine ships and a blimp, including three planes which are to arrive this morning, and sixteen pilots and performers will take part.

Five aces are among the pilots, to-wit, Charles Fower, Joseph Hammer, William B. Robertson, Joseph F. Read and John Campion, ace of the Canadian army, J. W. Cantwell, James Donahue, Al Lowe, Frank H. Robertson, Harry H. Parkins, Gay Hutson and George Stump, all ex-army pilots are pilots for the show, and Elvira Fizer and Kathryn Hardin, plane stunt performers of rare ability, will do aerobatics and drops for the Legion circus. The whole is in charge of Charles Hardin, expeditionary balloon commander. William B. Robertson is the 10th ranking pilot of the country by the signal corps rating.

Colonel Hall of Scott Field, Belleville, has given positive assurance that the big dirigible of the field will be on hand. Pilot Frank Robertson arrived from St. Louis Friday noon, making the trip in 49 minutes and bringing to Jacksonville its first airgram, which was dropped in a parachute.

The planes will be seen this morning at the parade, circling the line of march at as close range as possible. In the afternoon by order of order of the county commissioners all roads leading to the field will be blocked, and drivers who have without tickets will be detained. Ticket takers will be stationed at the end of South Main street to handle the crowd as fast as tickets can be passed out.

Some Rare Stunts

At 1:00 the circus will begin. Mock battle, strategic formations, bomb dropping and all the upside down tricks of the air will be on the program. Elvira Fizer, 20 year old marvel, will do plane walking, plane changing in mid air, and riding top ship while the plane "does the loop." With her pilot, Charles Fower, she was one of the star performers at the state fair at Springfield. Kathryn Hardin will do a parachute drop from a plane. These are the only women performers who do these stunts. Lieutenant Hardin will do a double drop, cutting loose from his first parachute and dropping hundreds of feet like a rocket before the second chute opens. The 142 mile per hour Oriole will be present to show some speed.

Great Crowds Expected

Approximately 50,000 bills have been dropped over communities within range of the celebration and an immense crowd is expected.

Follow the Legion boys and the crowd to Nichols park, and fill it to overflowing!

GOV. YATES TO MAKE ADDRESS SUNDAY

Mass Meeting Arranged For High School Auditorium—Meaning of Armistice Day, Speaker's Theme—Fine Musical Program

The committee in charge of the Sunday afternoon observance of Armistice day feels fortunate in having secured the coming of Congressman Richard Yates, who is to speak at the high school auditorium. The exercises have been arranged for 4 o'clock in the afternoon.

Congressman Yates' theme will be "What Does Armistice Day Mean?" Mr. Arnold Lovejoy of the Conservatory of Music will sing a group of songs and there will be chorus numbers by 100 voices. The chorus will include both college and high school students.

The program as arranged is eminently appropriate for the occasion and no doubt the public will join very heartily in this observance.

ATTENTION

RED CROSS ROLL CALL OPENS TODAY

Every citizen of Morgan County, who remembers what the boys who left their homes in 1917 did for their country, knows that today marks the beginning of the Roll Call of the American Red Cross, the organization which is caring for those who came back to us, disabled because of their service.

Many have forgotten, or have ceased to think of the great service rendered by our boys, and have allowed time to erase from their minds the remembrance of the terrible suffering borne by practically all of the men who went from Morgan County. Many, too, fail to realize that the disabilities from which they now see so many of our boys suffering, are directly traceable to their service in behalf of their country and its citizens.

The American Red Cross has remembered all these things, and today calls upon all who have been members to renew their pledge to care for the disabled men in Morgan county, and upon all those who, because of stress of other things have lately forgotten their debt to every soldier from Morgan county.

The work of the Morgan County Red Cross is confined almost entirely, now, to the care of the disabled ex-service men and his family. Make it possible to have this work continued thru the next year by enrolling today, in the American Red Cross.

Roll Call headquarters at Chapter headquarters, Public Library building.
